

**E-SLP 40 PREMIER SCREEN-ONLY KIT [PREMIER Screen Kit - Does not include Audio, Console, or Projector]:**

- A. One (1)- **EPIC E-SLP 40 PREMIER Inflatable frame** - (43' x 26' x 10'-6") - Constructed of 28 oz. 1000 denier heavy duty, tear resistant vinyl coated polyester. NFPA 701, IFR materials, rated for safe operation in up to 25 mph winds. All seams hot air welded & reinforced at pressure points. Back support legs on frame for hands-free inflation, & handles for easy positioning before tethering. Pressure release valve automatically controls pressure in frame to guard against inadvertent over inflating. Proprietary frame fabrication methods eliminate sag at top of viewing surface. Six additional support tubes are built-in for strongest wind resistance & refined appearance. Frame is built specially for use with the 3040 Dual-Vista™screen surface which can be used in either Cinemascope (2.39:1) or Widescreen (16:9) format.
- Includes tethers & added D-Ring Tie down points, (8) steel ground stakes & 10 lb hammer.
  - Two (2) B2000 pumps & hoses w/2" adapters for fastest inflation/deflation.
  - Highest quality border / skirt made with premium Neoprene material "like a wetsuit"
  - Includes Heavy-duty screen transport bag with reinforced pocket to safely store surface
  - Includes comprehensive instruction manual, repair kit, & ongoing technical support
  - 3-year Warranty on EPIC Screen & 1-year Warranty on Air Pumps
- B. One (1)- **EPIC PREMIER Specialty Screen Surface** - Dual-Vista™Cinemascope (2.39:1) or Widescreen (16:9) format. Includes two options for projection:
